# WHY WE CELEBRATE IN 1937

## SEVERAL GREAT EVENTS DEMAND OUR RECOGNITION

1. We celebrate IN the month of June because on the 3rd of June, 1887, the main company of Pioneers came to Cardston. This date being too early to celebrate on, its was postponed until the latter end of the month.

2. July 1st is Canada's 70th Birthday.

3. In this year, 1937, we mark the Diamond Jubilee, 60th anniversary of the signing of the Treaty of the Blackfoot Indian Nation and Queen Victoria, and, as Cardston adjoins the

Blood Indian Reserve, and is 13 miles north of the Montana Blackfoot Reserve, the Blackfeet Indians, including these two Reserves, also the Peigan and Calgary Blackfoot Reserve at Gleichen join with us in this Celebration.

4. On July 2nd it is Cardston's 36th birthday as a Municipality. Thus, in this celebration we combine Pioneer Day, Dominion Day, Indian Treaty Day, and Cardston Day.

## THE WEEK'S PROGRAMME

### MONDAY, JUNE 28th—INDIAN DAY

(Chairman: STERLING O. LOW)

**Cannon Salutes in the Early Morning—Everything Free to the Indians.**

**9:30 A.M.—Platform Feats and Attractions—Open Air Band Concert—Main Street.**

1. At 10:00 A.M. exclusive Indian Parade headed by the Cardston Citizens' Band and the Indian Queen, Miss Margaret Davis, selected by the Blood Indians, and dressed for the occasion in true Indian finery. Indian footmen, bows and arrows, warriors, horsemen, travois, dog travois, carriages, wagons and cars, depicting the past and the present, together with the Browning Blackfeet Tribal Band, will make up the Parade.

2. At 2:00 P.M. at the Rodeo-Stampede Grounds will be staged an exclusive Indian Race Meet with customary varieties of horse races, foot races, tug-of-war, Indian feather game, travois race, and teepee race.

Indians from all Reserves admitted free; others pay an admission of 25 cents. This promises to be a most unique entertainment with interspersed music by the two Bands.

3. Historical Indian Pageant (preceded by band music), directed by Canon S. H. Middleton, of St. Paul's School, at 8:00 P.M. on the stage erected on Main Street, depicting the past, present and future of the Indian and a tableau commemorating the signing of the Treaty with Queen Victoria and the Blackfeet Nation, at which Indian Agent J. E. Pugh will impersonate Colonel Macleod, who represented the Government at the Treaty-signing.

Later in the evening an illuminated Indian Village and open-air dancing on the large Pavilion floor.

# ***Cardston Fifty Years*** ***1887 Jubilee Rejoicing 1937***

**A**T THIS TIME when we all rejoice together and celebrate with thankful and happy hearts the arrival of the pioneers and the founding of our town, it is the occasion for the display of not merely emotion and sentiment, but of a right and proper pride which has nothing to do with boasting or arrogance, but with consciousness that our business has its roots in the early establishment of our town, and our personal association with the great figures in our local history of the past fifty years.

The founder of the present business, Mr. Charles W. Burt, arriving here among some of the early pioneers in 1896, has ever been active both in civic and religious service, always displaying undiminished devotion to every progressive movement.

First as the FARMERS EXCHANGE, in 1913, later associated with his brother, William W. Burt, as BURT BROTHERS, and again expanding as C. W. BURT & SON, we are proud, and, we believe, justly so, of the service we have contributed to the people of this town and district by our unswerving loyalty to the MOTTO of the founder, QUALITY and SERVICE. May we continue building quietly on the foundation laid and cemented by our pioneers, and as the TUMULT AND THE SHOUTING DIES may we have ever with us the proper pride and the priceless gift of vision without which the people perish.

The oldest established general store in the South, Jubilee visitors make this place your headquarters while in the City—it is centrally located. For information use our staff who will be anxious to assist you. The telephone is conveniently situated—use it. A rest room is situated in the rear of the Store.

Come in and let's get acquainted; we are anxious to contact every visitor and renew old acquaintances and make new friends. May our reunion and rejoicing together make us appreciably better able to serve you.

*Sincerely welcoming you,*

**C. W. BURT & SON**

# A BRIEF HISTORY OF CARDSTON

## "THE TEMPLE CITY"

---

◇ ◇ ◇

THE BEGINNING of Cardston as a community started with an exploration trip by Charles Ora Card, then a pioneer of Cache Valley, Utah, who answered a call by President John Taylor, the then President of the Church of Jesus Christ of Latter Day Saints, commonly called the Mormon Church.

On September 14th, 1886, he left Logan to find a new home on British soil for himself and friends, first travelling through Washington, Oregon, and south-eastern British Columbia; thence via Calgary, and on October 24th, 1886, camped at the mouth of Lee's Creek. With him were Bishop Isaac Zundal and Elder James W. Hendricks. The following May (1887) he and Thomas E. Ricks, Thomas X. Smith and Neils Monson returned and took "squatters' " possession on Lee's Creek, the present site of Cardston. Mr. Edward Neal Barker, an English chap of ability and courage, had previously "squatted" a mile up Lee's Creek, and built a cottonwood shack in the fall of 1885, wintered at John Smith's on the Belly River, 15 miles west, returned in the spring of 1886 and planted the first garden in this corner of south-western Alberta. It was not his intention to form a settlement but to do "ranching", as it was termed in those very early pioneer days. He gave valuable hints from his experience to Mr. Card and his company and acted as first guide to the mountains for timber—25 miles south-west—during that summer.

On June 3rd the main company arrived—9 wagons, 23 horses, 40 cattle, and 10 families, rain-soaked and weary—41 persons in all. Mr. Card had returned to meet them, including his wife, Zina Young, and 2-year-old son, Joseph Y., and stepson, Sterling Williams. In the party were John A. Woolf, J. A. Hammer, George L. Farrell, E. R. Miles, Johannes Anderson, Samuel Matkin, Robert Daines, John E. Layne, Francis E. Preece, and others. Eight inches of snow fell the first night!

An early survey was made with a home-made compass—Mr. Miles as "transit" man—and this from a white post marking the south boundary of the Blood Indian Reserve. In the fall of 1887, J. S. Dennis, D.L.S., re-surveyed the land, and homestead pre-emp-tions were taken up—the original "survey" being only a few rods from perfect.

The first structure erected was a 'bowery' church, as these immigrants were a church-loving type, members of the Church of Jesus Christ of Latter Day Saints, commonly called

"Mormons". On June 5th, Sunday services were held, and a week later in the "bowery" 40 persons heard John E. Layne say, "A Temple will be built in this land", which was fulfilled in 1923—36 years later.

From this beginning history grew apace. A co-operative store was built; soon a cheese factory, with Robert Ibey first cheese-maker; a saw-mill in the mountains, Joseph M. Wight first sawyer; a threshing machine, irrigation ditch for gardens, flour-mill, etc.—all co-operative.

Cardston is mainly built on the former homestead and pre-emption of President Card. The first Village Overseer was Josiah A. Hammer, and second and last, Andrew R. Archibald. The Town was granted a Charter July 2nd, 1901. The first Mayor was Mr. Card, and the first Councilmen were H. S. Allen, John A. Woolf, Henry L. Hinman, Mark Spencer, J. A. Hammer and J. W. Woolf—Solicitor, William Laurie.

Mayors who have held office are in order of term: Mr. Card, J. A. Woolf, J. A. Hammer, Mark Spencer, James T. Brown, W. E. Pitcher, Mark Spencer, W. H. Caldwell, Mark Spencer, C. W. Burt, and Jos. S. Low, to date.

The railroad, a narrow-gauge, was constructed into Cardston by the Alberta Railway and Irrigation Company in the summer of 1904, was later changed to standard-gauge, and in 1926 was extended to Hill Spring and Glenwood.

In 1913 the site for the Cardston million-dollar light grey granite Mormon Temple was dedicated, and August 26th, 1923, the Temple was dedicated by President Heber J. Grant. This is the chief attraction of Cardston.

Cardston owns its own electric light system, water works, has several miles of concrete sidewalks, a Library, and a Public and High School, and more than one-third of the population "are going to school".

The 1925 census gave Cardston 2,014, and it has just about held this number to date, even in the face of the world's greatest depression and farming setbacks. In 1936 a special Board of Trade census gave 1,971 as the population.

Cardston's location is strategic—on the crossroads to three National Parks—Banff on the north, Glacier Park, in Montana, on the south, and Waterton Park on the west—the latter two only about one hour's drive from the Town.

Agriculture is the chief industry, particularly mixed farming. The people are thrifty, industrious, and the growth of the Town and district has been steady and healthy, with no severe setbacks.

The L. D. S. Church, United Church, Church of England, Roman Catholic Church, also the Masonic Lodge, I.O.O.F. Lodge, other fraternal organizations, and a live Rotary Club assist in the social intercourse of the people.

Cardston is a good place to live, the nu-

cleus of the district, educationally, commercially and religiously. Its location, in the very shadow of the Rockies ("Old Chief" Mountain, the great square-topped sentinel being the land mark); 13 miles north of the United States Boundary line, 58 miles south-west of Lethbridge, 30 miles east and 30 miles north of two National Parks, surrounded by foothill and prairie of fertile soil, all tend to make Cardston an ideal place to live.

CARDSTON welcomes you!

## THE CHURCH OF JESUS CHRIST OF LATTER DAY SAINTS

The location of some of the members of the above Church in Canada is probably due to the fact that its third President—John Taylor—was of British birth and a resident Minister of Toronto, Ontario, when he became a convert to the new faith. By his direction Charles O. Card was sent during the fall of 1886, to explore for and to locate a colony in Western Canada. Upon receipt of his report, President Card was authorized to found the colony in southern Alberta. The following spring he set forth by team overland and arrived with twelve families June 3rd, 1887, upon the present site of Cardston.

After caring for their crops and housing the families, they started the first Church building December, 1887, completing it in January following. It was built of logs 20x20 feet and was entirely a "home-made" product except for glass, nails, and tar-paper for the roof. Even the timber used was whip-sawed by the settlers.

On October 7th, 1888, first Church organization was effected, known as "Card Ward", attached to the Cache Valley Stake in Utah over which Mr. Card still presided. John A. Woolf with Johannes Anderson and Thomas R. Leavitt, formed the first Bishopric. (A ward is a congregation or the smaller church unit, and a "Stake" is a group of wards given a complete ecclesiastical organization, and is the larger unit.)

Growth was slow for the first few years but from this beginning settlements were made at Aetna, Leavitt, Mount View, Caldwell and

Beazer, and on June 9th, 1895, the Alberta Stake was organized, including all members located in Alberta. With the construction of the large St. Mary's River Canal by the Alberta Railway and Irrigation Company, 1898-1900, other settlements were founded at Kimball, Magrath, Stirling and later Raymond. The Church contracted for the first fifty thousand dollars' work of work upon the above-named Company's irrigation project, the settlers here filling the contract.

The success of the project caused the rapid growth of the eastern district so that on August 30th, 1903, the Taylor Stake was organized with President Heber S. Allen in charge. It included all the settlers east of Spring Coulee.

For those located between Calgary and Lethbridge and the country east, a new Stake was organized November 10th, 1921, with President Hugh B. Brown presiding, called the Lethbridge Stake, with headquarters in that City.

The building of largest capacity for Church gatherings of 1,500 people is the Alberta Stake Tabernacle at Cardston, but the greatest monument of the Church in Canada thus far is the beautiful white granite Temple begun in 1913 and dedicated August 26th, 1923. It is designed to stand the ravages of the elements for the next thousand years, and we hope it will be like our country's flag ever weathering the battle and the breeze, and ever emblematical of religious liberty to all men and nations.

## THE ALBERTA TEMPLE

The most imposing structure in Cardston, if not in the Province, is the large light-grey granite Mormon Temple built in the centre of the Town, on an elevation. This is in the form of a Maltese Cross, and cost about a million dollars, the stone being quarried at Nelson, British Columbia.

The ground site was dedicated July, 1913, by Joseph F. Smith, President of the Church. The corner stone was laid in 1915 by Apostle David O. McKay, and the Dedication Service was conducted on the 23rd of August, 1923, by President Heber J. Grant, since which time the Temple has been open only to Church members for what is known as ordinance work.

The Temple proper is surrounded by a retaining wall 165 feet square, with an outer court entered through large iron gates.

The west front is decorated with a carving

of "The Samaritan Woman at the Well". Over the door of the Temple, and indicating the spiritual condition desired of those who enter, is found the following beautiful inscription, written by the late Apostle Orson F. Whitney:

"Hearts must be pure to come within these walls  
Where spreads a feast unknown to festive halls.  
Freely partake for freely God hath given  
And taste the holy joys that tell of Heaven.

Here learn of Him who triumphed o'er the grave,  
And unto men the Keys, the Kingdom gave,  
Joined here by powers that past and present bind,  
The living and the dead perfection find".

Some 50,000 tourists visited the Temple before it was completed and dedicated, and many thousands have viewed it from the exterior since while on two occasions by special permission of the Church Presidency others have entered, being Lord and Lady Willingdon, Representative of the Crown, and Lord and Lady Tweedsmuir, also Representative of the

Crown, both occupying the positions of Governors General of Canada.

Tourists have travelled many miles to view this spectacle of wonder, for so it is—placed in the heart of a little Town such as Cardston.

This Temple is a direct gift by the Church at large to the Church members of Canada, of whom there are probably 12,000.

### **PRESIDENT EDWARD J. WOOD**

The person of most colorful career and dynamic character, who has held together the people of the district for many years, is President Edward J. Wood.

After filling missions in the South Sea Islands, which occupied more than nine years of his life, President Wood immigrated to Canada to help tame the West in the year 1901. His great capacity as a business man and leader was soon commandeered by his Church, and in 1902 he became Assistant to President Heber S. Allen. When President Charles Ora Card was released, due to his failing health. In 1903 he was selected as President of the Alberta Stake of Zion, which position he has held for 34 years, and now occupies the unique position of having been President of a Stake longer than any other in the entire Church, and there are 112 Stakes.

He personally supervised the construction of the Alberta Temple, and was present almost every day from the time that work commenced until the Temple was finished. He was then made President of the Alberta Temple, which

position he has held for nearly 14 years, and is now also the oldest Temple President in the Church.

Besides devoting much of his time to Church services and activities, and as a leader in the Church, he has raised an illustrious family, two of his sons being Bishops, while his daughters have married well, and one of his sons now occupies a Government position in Ottawa because of his outstanding ability proven during his attendance at the University of Alberta.

As a keen business head, wise counsellor, a devoted father and husband, an ardent missionary, an outstanding leader, we pay tribute to President Edward J. Wood.

### WATERTON LAKES PARK

Of all the beautiful National Parks in the world, Waterton Lakes National Peace Park takes second place to none. Being only an hour's drive from Cardston, and adjoining the large Glacier National Peace Park, in Montana, the two are combined to be called "the Switzerland of America". Mountain peaks, spires and square tops, lakes, cirques, glaciers, mountain silhouettes and water falls, cascades, and the whole Park abounding in wild animal life, especially the deer, mountain sheep, mountain goat and bear, make this a playground of unusual splendour and sought by tourists from many hundreds of miles around.

Discovered, we may say, by Kootenai Brown in the late eighties or early nineties, and has long since been a celebrated National Park.

The first oil discovered in western Canada was at what we now term Oil City, in Waterton Park, by the late Uncle Bill Aldridge, father of Oliver Aldridge, City Electrician at Cardston.

The Great Northern Railway, who trade largely into Glacier National Park, erected the large Prince of Wales Hotel, in Waterton Park, which is an imposing structure as one enters this beautiful garden of nature. No one can visit Cardston and the Jubilee without taking time out to visit Waterton National Park.

### CARDSTON'S MAJOR INDUSTRY

The Cardston Creamery Association (S. W. Low, Manager) is the largest co-operative creamery in the entire south end of the Province. It is now under the paternal guidance of Burns & Company, Calgary, as is also its subsidiary, the Mountain View Cheese Factory.

"The little cream cheque" has saved many families during the depression, and this Creamery, if taken out of Cardston, would be a real business disaster. Long may it continue and increase in size and benefit!

### FRANCO OILS, LIMITED

Cardston is ambitious, too. The head office of Franco Oils, Limited, is here. They are drilling for oil one mile south-west of Cardston, have started on a quest that promises success. In a unique and strategic location, by Dr. F. F. Hintze, of Salt Lake City, they are now drilling at a depth of 4,600 feet. Besides personally controlling some 19,000 acres of mineral leases at Cardston and the Blood Reserve areas adjoining which includes the following structures, the Cardston Dome, Little Turner Valley, the Bull Horn, they have also reached out to acquire 21,000 acres of leases at Unity, western Saskatchewan; 2,000 acres at Empress, eastern Alberta; 320 acres at Taber; some 8,000 acres south of Taber; and are drilling their second well in the Unity field. May success attend and hold the gigantic efforts of this pioneer Cardston Oil Company. Besides being managed by Walter F. Thorne, of Moose Jaw, Saskatchewan, and being directed in its geological work by Dr. F. F. Hintze, of Salt Lake City, three of its Directors are Cardston men.

### CARDSTON'S LOCATION

Cardston is uniquely situated, adjoining the Blood Indian Reserve, the largest in the Dominion of Canada, with 1,370 resident Indians who have access to two splendid Government Indian Residential Schools. These are St. Paul's, under the direction of Canon S. H. Middleton since 1909, and St. Mary's R. C. School, under the direction of Father Sheron. Thirteen miles south is one of the largest Reserves in the United States—the Blackfoot of northern Montana—with nearly 4,500 Indians—so Cardston is used to and thinks a lot of the Red Man.

### CARDSTON'S CHURCHES

The predominant church is the Church of Jesus Christ of Latter Day Saints, commonly called the Mormon Church, with two ecclesiastical Wards or Parishes. The United Church, formerly St. Andrew's Presbyterian, under the direction of Reverend Habgood, is next in size of congregation.

St. Thomas' Anglican Church, in charge of Canon Middleton, and the Roman Catholic Church, directed by Father Salaun, comprise the others serving their congregations in this Town.

### FRATERNAL SOCIETIES AND SERVICE CLUBS

The Masonic Lodge, the Odd Fellows Lodge and also the Rotary Club are all active in Cardston, as is also the Cardston Board of Trade. Rotary meets each Tuesday at 12:00 o'clock at the Cahoon Hotel.

Golden Jubilee*

Beatty Products have been no small factor in the making of happy, healthful homes in the Cardston district. For over 60 years Beatty Bros. Limited have been helping women in the war on dirt with the aid of Beatty Electric and Power Washers, Electric Ironers and Vacuum Cleaners. The hardest task in the home has been lifted with the aid of Beatty Appliances.

In 1874 Beatty goods were distributed over many miles of road by wagon. To-day Beatty goods are distributed all over Canada by special train-loads from our Factory in Fergus, Ontario.

Beatty Service is no farther away than a customer's phone. Every Beatty Store has its Service Department and truck. And can supply any repair part for any Beatty Appliance sold 20 years or more ago. Beatty Service means prompt, satisfactory service to its customers.

We extend an invitation to you to visit the Beatty Booth when you are at the Golden Jubilee, and view our Exhibit. A Beatty Representative will be on hand.

MARK A. COOMBS, the General Chairman of the Jubilee Committee, is a representative business man of Cardston, having been active in civic affairs since his coming from Utah in 1904. Mr. Coombs has served almost continuously twenty-two years on the Town Council and School Board, six years of which acting as Chairman of the School Board, and served one year as President of the Rotary Club.

Mr. Coombs has also been active in Church affairs, being a member of the Dominant Church of the Latter Day Saints. Most of his Church work has been in connection with the Sunday Schools, being Superintendent of the Ward and State for several years, and at one time was First Councillor in the Ward Bishopric.

As a business man he has been successful as a Harness and Saddlery Manufacturer, and for the last fifteen years as a Hardware Dealer, and is the owner of two large business blocks and one of the largest and most up-to-date residences of the Town, all of which speak for his thrift and economy. Mr. Coombs is also one of the regular Temple officiators, and has been such since the Dedication of the Temple.

CARDSTON, ALTA.

J. S. LOW came to Cardston with his parents when he was two years old. He has always taken an active interest in the community life of the Town. After seeing twelve years service on the Council he was elevated to the position of Chief Magistrate, which position he now holds. He is Manager of the Cardston Motors, the Town's most up-to-date and popular Garage. Full of wit and humor and has a flair for hunting. When asked for the keys of the City for Jubilee Week, declared he has unlocked the doors and thrown the keys away. Is called "Joe" by his friends, of whom he has many. Is a Liberal by choice, and says he is proud of it.

# The Cardston Creamery Ass'n

Extend Greetings and a Hearty Welcome to All Who Attend  
The Golden Jubilee

As Cardston grew in the centre of a very fine mixed farming district, the best business men of the growing Town, and the wisest producers of the district organized, for mutual benefit, the Joint Stock Company known as "CARDSTON CREAMERY ASSOCIATION". With over 120 shareholders becoming actively interested in the project, the Mountain View Cheese Factory was later incorporated into this Company. Arrangements were made to market the surplus poultry and eggs. The Town in its progress needed a Distributor of ice cream, and this institution became the Distributors of

# BURNS' Bacon Won Highest British Empire Award For Excellence

The 1936 Dairy Show held last October in London's famous Agricultural Hall drew exhibits from all over the British Empire. The comment of one of the judges, conveyed to us in a recent letter from our London Agent, was that this year's Show was the finest exhibit of Empire bacon yet seen.

Amid the stiffest competition put up by Meat Packing Plants from all over the British Empire, Burns Bacon won the highest award, for quality, fineness, and mildness of flavor, thus definitely establishing Burns & Co. Ltd. as

## CANADA'S LEADING BACON HOUSE

The Shamrock Bacon and Shamrock Hams, too, regularly offered for sale from Victoria, British Columbia, to Halifax, Nova Scotia, are prepared and processed in the same exacting manner as the Bacon shipped to the Royal Dairy Show.

Remember, therefore, that when you order Shamrock Hams and Bacon from your butcher or grocer, you will receive and enjoy the finest quality the British Empire has yet produced.
